AMENDMENTS TO THE SEQUENCE LISTING

Please replace the Sequence Listing filed on June 23, 2003 with the Substitute Sequence Listing filed herewith.

REMARKS

The Examiner asserts that the present application fails to comply with the requirements of 37 CFR §§ 1.821 through 1.825. Specifically, the Examiner indicates that the specification contains sequences without the requisite sequence identifiers. Applicants respectfully submit that the appropriate SEQ ID NO identifiers have been added to Figures 5 and 7 and the specification has been amended to identify the sequences by the appropriate SEQ ID NOs. Further, Applicants are filing concurrently herewith a substitute copy of the sequence listing in both a computer readable form (CFR) and a paper copy, an amendment directing the entry of the sequence listing into the specification, a statement that the content of the paper and CFR copies are the same and include no new matter as required by 37 C.F.R. §1.821 (e), (f), (g), or (b) or 1.825 (d). Therefore, Applicants respectfully submit that the present application complies with the requirements of 37 CFR §§ 1.821 through 1.825.

SUMMARY

Applicants respectfully request the entry of the foregoing amendments. No new matter has been added.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 12-0080, under Order No. SYNI-003CN. A duplicate copy of this paper is enclosed.
